

Institute of Animal Physiology and Genetics CAS

Invitation for lecture as part of IAPG DAYS

AI METHODS IN BIOMEDICAL SCIENCES

Ing. Martin Čejka

Czech University of Life Sciences, Prague

Topics covered:

How is AI transforming healthcare?

AI techniques in diagnostics, drug discovery, and personalized
medical care

Utilizing generative AI for scientific research

**Don't miss this opportunity to explore the future of biomedical
sciences with the help of artificial intelligence!**

Date: Thursday, May 23, 2023

Time: 9:45 AM

Location: Liběchov, lecture room
